Reflections on the 10th Anniversary of Ten New Members, including 8 from Central Europe, in the European Union Faculty Panel Discussion

Wednesday, November 12, 2014 | 2 - 4 PM | FIU Modesto A. Maidique Campus | GC 140

2014 marks the 10 year anniversary of the EU's 'bing bang' enlargement of 10 Central and Eastern European Countries to the European Union. How have these countries fared in the EU, and what changes have occurred domestically and internationally since then? A panel of European specialists will reflect on the successes and challenges of the past decade of the enlarged European Union. Professor Tatiana Kostadinova will provide insights into the domestic changes in these countries, UM's Professor Roger Kanet will contribute with a view of the larger regional system, including EU-Russian relations, and Professor Markus Thiel provides EU perspectives on these countries' EU membership thus far.
